THIRD GOLD SHIPMENT ARRIVES FROM LONDON

British Cruiser Reaches Halifax
with \$50,000,000 in Valuables
--Commissioners Not Aboard.

Bangor, Me., Sept. 8.—The third gold shipment from London for New York arrived safely at Halifax on a warship Monday. The gold was transferred to a special train, which left for New York that afternoon. Word of the arrival of the ship was received here from an authoritative source.

The Anglo-French commission sent to America in connection with the question of American exchange, did not arrive at Halifax today, as expected. It was believed they would come on the fast cruiser Argyle, which brought the third consignment of gold and securities, probably amounting to approximately \$50,000,000, from England to strengthen British credit in America. The cruiser made the trip in the unusual time of four days and seven hours.

The train, heavily guarded by employees of an express company which is responsible for the safe delivery of the gold, left Halifax at 1 o'clock and is due at Vanceboro at midnight. It is expected to pass through here at 3 o'clock tomorrow morning and, if its schedule is maintained, should reach New York late tomorrow.

As in the cases of early shipments, the censor at Halifax apparently has not permitted anything regarding the movement of the gold to be telegraphed by newspaper correspondents.

NOTED METHODIST DIVINE

Died Monday In Los Angeles,
Aged 63 Years.

Dr. Gross Alexander, book editor for the Methodist Episcopal church, south, and editor of the Methodist Quarterly Review, died suddenly in Los Angeles Monday of apoplexy. Dr. Alexander left Nashville on July 29, going to California, whence he was called by the serious illness of his daughter. He never seemed better physically and never in brighter spirits than upon the eve of his departure.

Dr. Alexander was a very useful man, and was, perhaps, the ripest scholar in the Southern Methodist church. Born in Scottsville, Ky., June 1, 1852, he was educated in the Louisville university, the Drew Theological seminary in New Jersey and Emory college, Oxford, Ga. He is survived by his wife, two sons and two daughters.

CAMPAIGN TO OPEN SEPT. 20

Hon. A. O. Stanley Will Start
the Oratorical Fireworks at
Glasgow on That Date.

Louisville, Ky., Sept. 8.—The democratic campaign will be opened at Glasgow on Monday, Sept. 20, according to a decision reached by the state executive committee at a conference with the nominees.

A. O. Stanley, candidate for governor, and Judge James D. Black, candidate for lieutenant-governor, will be the principal speakers.

All of the democratic candidates, with the exception of Matt S. Cohen, nominee for commissioner of agriculture, were present at the meeting, over which Judge S. W. Hager, chairman of the campaign committee, presided. Each of those present made a speech, declaring without exception that harmony and enthusiasm has been found to be in evidence wherever he had visited.

Mr. Stanley attended the session after having spent a strenuous day, making one speech in the afternoon at Latonia to the democrats of Kenton and Campbell counties and another in the evening at Phoenix Hill park.

Judge Hager announced that the Glasgow meeting would be held in connection with a barbecue and all day jollification, during which all of local candidates would make talks. After Sept. 25, he said, meetings would be held in some part of the state every day up to the time of the election in November.

Save for the assignment of duties to the various candidates and a general discussion of plans, no further business of importance was transacted by the committee. Judge Hager said that other speaking dates would be decided upon and announced later.

AUTO TIRE EXPLODES

Machine Turns Turtle and Occupant Caught Under and Hurt.

As Walter A. Lackey, Jr., was coming down Main street in an auto Thursday afternoon one of the tires blue out, causing the machine to turn turtle and the youth was thrown out and badly hurt. No bones were broken, but a gash was cut near his left temple which required several stitches to close up, one hand was considerably bruised and he also sustained several bruises about the body. He was taken to his father's office for medical attention. The youngster was caught under the machine, but the auto landed partly on the concrete pavement and thus he escaped more serious injury. He had just come in from West 17th street and made the turn for Main when the accident happened. The wind shield was smashed and the auto was otherwise damaged.

SIGHT RESTORED WHEN HESPERIAN TORPEDOED

Canadian, Blinded by Gas, Had
Wished For Attack.

London, Sept. 6.—"All I want is now for the Germans to torpedo the ship and then I may get back my sight," were the farewell words of the Canadian soldier named Chambers, who was returning with other Canadian soldiers to his home, as he was leaving the hospital Thursday to join the Hesperian.

Chambers, as had been related, had lost the sight of both eyes through gas fumes at the front but discovered after the explosion that sank the Hesperian that he had regained the sight of one eye. Surgeons had told Chambers that a sudden shock was necessary to restore his sight and it did.
